CAREER OBJECTIVES

Passionate Computer Science Engineering student seeking opportunities to apply my programming and problem-solving skills in a challenging environment. Eager to learn new technologies, contribute to impactful projects, and build a successful career in software development.

EDUCATION

2027-28 CGPA-8.25	NMAM INSTITUTE OF TECHNOLOGY, KARKALA Bachelor of Engineering in Computer Science and Engineering
2023-24 Percentage-88.16	BOSCOSS PU COLLEGE, MANGALORE Karnataka State Board
2021-22 Percentage-79.2	LOURDES CENTRAL SCHOOL, MANGALORE CBSE Board

PROJECTS

E-commerce Website

An Intership project under Mrs.Jyothi shetty where an E-Commerce website for a library was made using web developing language such as HTML, CSS, Javascript, MySQL, etc.This Intership has given me a glimpse of what it's like to be a web developer and has helped me improve my web developing skills

Smart Parking Slot Management System

The Smart Parking Slot Management System is a console-based Java application that simulates a real-world parking management system. It allows users to park vehicles, exit vehicles, calculate parking charges, generate tickets, and view parking status.The system supports multiple vehicle types including BIKE, CAR, SUV, and EV, with dedicated slot types.
